

Master of Arts in Religion Thesis Requirements

Addendum to MAR Thesis (p 35)

In addition to meeting the Thesis Submission Guidelines in Appendix 1 of the Student Handbook (p 81), students must follow the following thesis procedures.

The thesis is normally completed in the student's final term. Students must register for the 9-credit thesis course, which will normally be supervised by the student's faculty advisor. However, in some cases an alternate thesis advisor will be identified.

Once complete, the thesis will be evaluated by two readers – one will be the faculty advisor or thesis advisor, and the other will be a reader with expertise in the subject area of the thesis. After evaluation, the readers may pass the thesis without revision, require further revision, or not pass the thesis.

The thesis should be 50-60 pages.
